Students receive a 20% discount

Turnaround time 1-2 working days.

Artwork should be supplied saved as a 300 dpi Tiff or PSD file at actual print size. When you submit artwork please check that file image size, font and resolution are correct in Photoshop.

All artworks are printed on a roll and not cut to size. We are happy for you to use our cutting equipment at Fabpad to trim your prints when you collect them.

We require payment in full before dispatch or collection of prints. All finished goods remain the property of Fabpad until paid for in full.

If you want to e-mail us your files please send them via a ftp site such as [www.wetransfer.com](http://www.wetransfer.com)

We recommend that you use our standard RGB profile, Adobe 1998 ( Found by clicking Photoshop – Colour settings...)

We also recommend your print test strips for important prints - a 10cm test strip is cheaper than a whole print you might want to tweak!

All prices are inclusive of VAT, prices effective from 4<sup>th</sup> January 2011
