Hackney Empire Archive

The first accession of the Hackney Empire collection arrived at UEL during the spring of 2007. Deposited by Roland Muldoon, who had been artistic director of the Theatre, the collection contains a broad range of materials relating to Muldoon’s creative career including posters, programmes, audio-visual materials and other ephemera relating to Hackney Empire after its rebirth in 1986. The collection is presently undergoing cataloguing but some parts of it may be accessible. Please contact the Archives for further information. Web Address: http://www.hackneyempire.co.uk/

Descriptions for all current UEL Archival Collections can be found on both the Archives Hub and AIM25 websites.
