*The Innovation Voucher scheme is primarily aimed at attracting interaction with SMEs, giving them access to tailored support. Vouchers could be used in a number of ways. For example make an improvement to an existing product or service, or scope new ideas. It could also be used to develop training and development to support growth or set up a new laboratory facility. Preference will be given to those projects that could lead to additional future collaborative interactions. The value of the voucher will not exceed 50% of the cost of the project and 50% should be spent by 31st July 2019.*

**Outline of requirement** (max 500 words):

Please describe the project ensuring you address the following points:

- What is the purpose of the project and how you want the University to get involved
- Start and end dates for the project
- What are the deliverables
- Details of any items that are required to be purchased for the project and any necessary travel
