England	4.7%	363,393	4.9%	191,212	4.7%	193,858	4.5%	188,236	7.2%
<p>* Please note that at the start of APS5 the volunteering question was changed to incorporate a wider definition of sport volunteering, therefore comparisons to previous data should not be made. Whilst there has been a statistically significant increase in volunteering, this is likely to be due to the change in the way volunteering is described in the question.</p> <p>For information on the updated volunteering question, click here.</p>
