5. The successful applicants will be contacted before summer 2021. All communication will be sent by email.
6. Applicants must make a firm acceptance of the offer made to them by the University. Students who have been notified that they will receive an ELSEF Scholarship must enrol with the University in order to receive the award.
7. There are a limited number of scholarships available. Successful students will only be allowed to hold one scholarship.

Payment details

8. Awarded students will receive payments into their chosen bank account in line with the payment schedule outlined below. We will request the student's bank details through the student portal once successful students have fully enrolled.
9. It is the responsibility of the student to ensure the bank details they provide to the University are correct. Incorrect bank details may cause delays in payment. If bank details have not been provided by the end of the first term* the award will be cancelled without further warning.
10. Payment of the scholarship will be made in two instalments. Students should expect to receive the instalments of the cash award via BACS.
11. The second instalment will only be paid if students have committed fully with the conditions of admittance, UEL's regulations including our attendance policy and the student code of conduct. UEL reserves the right to cancel schedule payment should an awardee failed to meet the conditions.

12. The scholarship payment will not be made if you have overdue debt to UEL, this includes not having SLC funding in place. Students have the option to have their scholarship transferred to cover/contribute to paying off the debt.

General terms and conditions

13. The scholarship will be paid in academic year 2021/22; it will not be renewed or extended beyond this term to cover repeat modules or years.
14. Any scholarship awarded is subject to you successfully enrolling on a course at UEL in 2021/22 and committing to the full academic calendar.
15. If an awarded student decides to change programmes, the student will be entitled to keep the scholarship provided that the new course and mode of study meets the eligibility criteria. All changes must be approved by the Director of Student Recruitment and Marketing.
16. If an awardee student decides to withdraw, the scholarship will terminate at the date of withdrawal. Any payments made to the student will not need to be returned.
17. The scholarship cannot be exchanged for an alternative award.
18. The scholarship should be used in the year advertised. If a student defers their start date, the scholarship may be deferred for a maximum of one year at the discretion of the Scholarship team. If the student defers their start date for more than one year, they will no longer be eligible for the scholarship.
19. Once a period of study has commenced, should a scholarship holder suspend their studies through the proper channels, their scholarship is similarly suspended and will be recommenced on the resumption of studies.
20. If the student's status changes during their study, as a result of information not being provided at the point of application, and the student becomes ineligible, UEL reserves the right to revoke the scholarship and claim back any payments incorrectly made to you.
21. The ELSEF Scholarship may not be held in conjunction with any other scholarships; but does not limit eligibility to bursaries and discounts.
22. If a student breaks UEL regulations and is withdrawn from study, the scholarship will be immediately terminated and no further support will be available. If the student returns to study at a later date, the scholarship will not be re-awarded.
23. Students who are awarded a scholarship must commit to support the University with future promotion of UEL through ambassadorial works. This will be the equivalent of ten hours unpaid work for the university. Successful students will also need to

commit to a photo, testimonial profile and video testimonial promoting UEL as a minimum.

24. UEL reserves the right to verify applications and request additional evidence.
25. If you are in receipt of welfare benefits and begin a course; money from scholarships and bursaries can affect your benefit entitlement as it may be treated as income. This depends on what the fund is intended to support you with, i.e. study related costs or living costs. Starting a course is a change of circumstance and you should inform all relevant benefit offices when you enrol.
26. A complaint is normally a specific concern related to a procedural error, irregularity, or maladministration in admissions procedures or policies. If you are dissatisfied with any aspect of the administration of your scholarship, please contact us in the first instance so that an informal resolution can be sought. This may be done in writing by emailing study@uel.ac.uk
