Application and Preferences

Application and Room Offer

Places can only be allocated to University of East London students who have completed a valid halls of residence application via the UEL Accommodation Portal.

Provisional Room offers will be made once students have made their application and satisfied the eligibility criteria. Once a student receives their Provisional room offer, they will receive a payment deadline to pay a £250 deposit and £500 advance rent payment. Once the student has made their payment, the provisional room offer will be confirmed and available for the student to accept via the UEL Accommodation Portal.

Failure to make the £750 payment within the deadline, will result in the provisional room offer being withdrawn and the application being rejected.

Please note students must also accept their room offer within the deadline given. Failure to accept the room offer will result in the room offer being withdrawn and the application being rejected. All communication will be made via the email registered to the UEL Accommodation Portal.

If students reject their room offer, we are unable to guarantee they will receive another.

Preferences

We offer students the opportunity to select their room preferences and attributes when completing their application. There is no guarantee an applicant will be offered their first choice. However, every effort will be made to offer as high a preferred choice as possible from those selected in the application.

We will aim, where possible to integrate students of different nationalities, ethnicity, age and programme of study.

Room Allocation Priorities

The order of priority for the specific allocation of rooms in the residences is as follows:

Priority 1 – Hall; our main priority is to ensure we allocate students to the Hall type that have selected; East Halls, Premium East Hall, West Halls or Premium West Hall.

Priority 2 – Room Type; we have 11 types of rooms within the UEL Halls of Residence. Some types of rooms are extremely limited; however, we endeavour to allocate the 1st room type selected. Failing to allocate to the 1st room type, we will allocate to the 2nd. Failing to allocate to either 1st or 2nd room type, we will allocate on the application preferences.

Priority 3 - Preferences; we give students the opportunity to select their gender sharing preference. This means that students can select to live with all females/all males or a mixed gender flat. We also offer the opportunity to select and live in a Vegetarian flat.

Students are only able to select one preference and all efforts are made to allocate students based on these preferences. However, on occasion, due to availability we may be unable to allocate room based on the selected preference. Preferences will be allocated on a first come first serve basis.

Priority 4 – Living Learning Communities; students can select their Interests during the accommodation application. We will endeavour to allocate students that have selected the same Interest.

Accessible Rooms

For any students that require an accessible room due to medical conditions, please contact the Residential Life Team once your application has been submitted. The Residential Life Team can make amendments to rooms based on your individual needs; however, these must be arranged in advanced.
