- Apply for accommodation by 30 June 2016
- Meet their offer conditions by Monday 22 August 2016
- Pay their deposit and advanced rental payment (£750) by 5pm on Monday 22 August 2016

### **Students under 18**

Unfortunately we cannot house any students under 18 years old. The preferred option in these cases is for the students to stay in Home Stay until they are 18 and then to move into Halls. Please contact us if this applies to yourself.

### **Priority groups**

Priority will be given to care leavers and students who have a disability that requires them to live on campus.

We have a number of rooms designed especially for students with disabilities or special needs. Contact the staff in Residential Services to discuss your individual needs. Students with disabilities are given priority in the allocation of Halls of Residence and you are usually allowed to remain in halls throughout your time at UEL. Make sure you have clearly told us on your application form so that your application can be considered.

Care leavers may be eligible for [funding to assist with the costs of accommodation](#)
