Additional Versions of this Course	N/A
Date Specification Last Updated	April 2019

Course Aims and Learning Outcomes

The MA Education and its pathways aims to:

1. Provide students with the opportunity to develop their academic and professional knowledge and skills from a local, national and/or global context in order to meet their academic and professional needs in their chosen field within Education;
2. Engage participants in key educational processes underpinning development and action, such as critical analysis and reflection, critical enquiry and research, action planning and evaluation and collaborative learning that enable education professionals and students to gain greater recognition in their chosen field within Education
3. Enable students to engage in critical academic and practitioner-based (when appropriate) research that is reflective, systematic, and rigorous in their chosen field within Education

Based on:

QAA Master's Degrees Characteristics Statement September 2015

What you will learn:

Knowledge

1. Demonstrate in-depth, systematic, and advanced knowledge and understanding of educational issues within local, national and global contexts (within their chosen pathway)
2. Develop appropriate knowledge of research methods in the field of Education

Thinking skills

3. Demonstrate a high-level of criticality of educational research and other related issues which concerns professional values and professional priorities, and to demonstrate an understanding of these issues in broader social, cultural, political and economic contexts.
4. Demonstrate originality in the interpretation, synthesising and application of knowledge and research for their professional practice and learning

Subject-Based Practical Skills and Skills for Life

5. Demonstrate capacity to deal with complex academic and/or professional knowledge issues in a systematic and creative manner to develop, apply and sustain them in your professional development
6. Demonstrate ability to communicate academically to a wide range of audiences and for different purposes

Learning and Teaching

Teaching and learning methods/strategies used to enable the achievement of learning outcomes:

- E-learning opportunities – involving the use of interactive packages and virtual learning environments
- Informal drop in sessions - offered at a time relevant for your geographical location. Enabling experimentation and the analysis and discussion of issues, documents and materials
- Work based activities – to allow participants to undertake enquiry and/or development work
- Reflective activities - to generate individual creativity, discussion and reflection
- Guided reading and independent study - to enable participants to engage with relevant and appropriate debate

- Supported self-study using relevant materials - to promote individual enquiry and development
- Supported collaborative tasks – to promote learning from each other and critical professional challenge
- Individual tutorials - to enable a more extended, in-depth analysis and support of self-study
- Informal drop in sessions - providing the opportunity for the presentation of an extended and coherent line of argument
- One to One session – to enable students to ask pertinent questions in relation to their understanding of the subject

Assessment

Knowledge can be assessed by

- Coursework
- Reports
- Examinations

Thinking skills can be assessed by

- Coursework
- Examinations
- Project work

Practical skills can be assessed by

- Reports
- Case studies
- Portfolio completion

Skills for life and work (general skills) can be assessed by

- Project work
- Group work
- Case studies
- Reports

Students with disabilities and/or particular learning needs should discuss assessments with the Course Leader to ensure they are able to fully engage with all assessment within the course.

Work or Study Placements

When students are required to gain access to work-based environments for their assignments and/or final applied research, this will be arranged by the MA Education course leader and the Cass School of Education and Communities support team, along with the initiative of the student in procure a suitable location for their assignment, when required.

Course Structure

All courses are credit-rated to help you to understand the amount and level of study that is needed.

One credit is equal to 10 hours of directed study time (this includes everything you do e.g. Instructed study, reading, reflective activity etc.).

Credits are assigned to one of 5 levels:

- 3 Equivalent in standard to GCE 'A' level and is intended to prepare students for year one of an undergraduate degree course.
- 4 Equivalent in standard to the first year of a full-time undergraduate degree course.
- 5 Equivalent in standard to the second year of a full-time undergraduate degree course.
- 6 Equivalent in standard to the third year of a full-time undergraduate degree course.
- 7 Equivalent in standard to a Masters degree.

SCourses are made up of modules that are each credit weighted.

The module structure of this course:

Level	Module Code	Module Title	Credits	Core/Option	Distance Learning
7	ET7726	Creativity, Imagination and Learning	30	SEMB Core	Y
7	ET7707	Culture and Diversity	30	SEMC Core	Y
7	ET7750	Education Policy and Practice	30	SEMA Core	Y
7	ET7704	Mentoring and Coaching in Education: the mentor as an agent for change	30	SEMB Core	Y
7	ET7754	Applied Research in Education	60	SEMFC1 Core	Y

The overall credit rating of this course is 180 credits. If for some reason you are unable to achieve this credit you may be entitled to an intermediate award, the level of the award will depend on the amount of credit you have accumulated. You can read the University Student Policies and Regulations on the UEL website.

Course Specific Regulations

- The postgraduate certificate consists of two modules at level 7. (If you are a practicing teacher with a PGCE, you already have this),
- The postgraduate diploma consists of four level modules.
- The submission of a dissertation is required for the award of masters

If you transfer your 60 level 7 credits from your PGCE qualification to the MA Course, you will be upgrading your PGCE qualification once you complete the full MA Course, as credits cannot be double-counted (same credits for two different academic awards).

If you complete 180 credits (with a 60 Credit Dissertation), you will exit the course with a Masters of Arts (MA) in Education. If you complete 120 credits, you will exit the course with a Post-Graduate Diploma in Education (PGDE).

This implies a maximum of 90 credits can be APL'd in this course (a maximum of 30 can be done so via AEL)

Further Information

More information about this course is available from:

- The UEL web site (www.uel.ac.uk)
- The course handbook
- Module study guides
- UEL Manual of General Regulations (available on the UEL website)
- UEL Quality Manual (available on the UEL website)
- School web pages

All UEL courses are subject to thorough course approval procedures before we allow them to commence. We also constantly monitor, review and enhance our courses by listening to student and employer views and the views of external examiners and advisors.
